

2/15/2017

Dear Senator Osten, Senator Formica, Representative Walker and all Appropriations Committee members:

I am Kaylee, I am 8 years old and I go to school in East Windsor and that is where I attend the Before school and after school program in the FRC program. When I am there I do a lot of fun things, like play in the gym, I go to computers and I do a lot of arts and crafts with my friends. I am a part of the art club, dance club and cooking club in the afterschool program. I also finish my homework during homework time. All the teachers are nice to me and my friends. I even went to FRC with my mom when I was a baby. My favorite part of FRC is the summer program. We go on a lot of field trips and I get to go swimming. I look forward to seeing my friends and playing with them every day. I love this program and I would be really sad if I couldn't go there anymore.

Thank you,

Kaylee Joslin
